

includes/manage\_downstream.h

```
graph BT; main_c[main.c] --> include[includes/manage_downstream.h];
```

The diagram illustrates a file dependency. A box labeled 'main.c' is positioned below a box labeled 'includes/manage\_downstream.h'. A blue arrow points from the 'main.c' box up to the 'includes/manage\_downstream.h' box, indicating that 'main.c' includes 'manage\_downstream.h'.
